Dear Nava,

Please accept my much overdue thank you!! I was waiting until I received the photos from my photographer so that I could share a few with you of our time at Piccolino.

I don't know where to begin. . .everything was perfect!! The food was beyond delicious and endless! The wait staff was so abundant, pleasant, and attentive. The Rome Room size, decor, and ambiance were ideal. And. . . YOU. . . go beyond the extra mile. Not only did you answer my every email and set up the perfect luncheon for us. . .you were able to put me in touch with a baker (whose cake was both artfully beautiful and scrumptious), a musician so that we could do the celebratory hora (and brought us to the perfect outdoor space to dance in), and helped me with equipment arrangements for the montage. It was challenging planning everything from the U.S. and especially since I had never been to Israel before, so I did not know what to expect. You more than put me at ease and delivered absolutely everything you promised.

Feel free to use me as a recommendation with any potential future customers.

Best,  
Jodi
